HYMN SHEET:

Is a document containing some definitions, explanations and introductions of some topics in a summarized way.

DEFINING THE NAME OF THE ORGANIZATION - MPNVP.

MOVEMENT:

We are a movement in the sense that our objectives and mandates are in a motion like state. We are not in an inertia or stagnant form instead we have embarked on a vigorous campaign that is ever in motion. We are always on the move.

PROMOTING:

Promoting is a perfect continuous tense implying an ongoing process.

NATIONAL:

Our scope of activities covers the entire Country. We are not restricted to a configured area neither are we restricted to particular designated territories. Our activities cut across boards. MPNVP is a Movement that is limitless in terms of coverage. Our mandate is National.

VALUES:

Values are defined as Beliefs or Standards. Our Country is blessed with over 70 tribes (73). Each and every tribe has its own beliefs, customs, traditional concepts, norms and activities. As a Country, Zambia is endowed with rich values and principles.

Values are cherished beliefs and patterns of behaviors that are generally accepted as fundamental guidelines for everyone. Every Nation be it an Institution, a Company, an Organization or an individual is identified by Values.

PRINCIPLES:

Principles are fundamental guidelines that are based on the Law. Principles endeavor to put an explanation to issues. Principles do not change regardless of the timeframe instead they remain the same.

WHAT ARE ZAMBIA'S NATIONAL VALUES AND PRINCIPLES?

They include; -

- (a) Morality and Ethics;
- (b) Patriotism and National Unity;
- (c) Democracy and Constitutionalism;
- (d) Human Dignity, Equity, Social Justice, Equality and Non - Discrimination;
- (e) Good Governance and Integrity;
- (f) Sustainable Development.

In summary, there are 14 National Values and Principles in total.

WHERE ARE NATIONAL VALUES AND PRINCIPLES FOUND IN THE ZAMBIAN CONSTITUTION?

They are found in Article number 8 and 9 of the Amended Act number 2 of the revised 2016 Constitution on pages 22 and 23.

CAN ANY GOVERNMENT CHOOSE DOING AWAY WITH NATIONAL VALUES AND PRINCIPLES?

Not at all. National Values and Principles are embedded, enshrined or inscribed in the Zambian Constitution hence no one can remove them from the Constitution. The only legitimate institution mandated to change the Laws (Repeal, Amend or Abolish) is Parliament which is the legislature. The word enshrined carry the essence of anything difficult to delete or rub off.

HOW IMPORTANT ARE NATIONAL VALUES AND PRINCIPLES?

National Values and Principles are significant due to the following reasons; -

- They are a skeleton of our Country. They make up the framework of the Nation.
- National Values and Principles are a moral Compass of our Nation. They provide guidance and instructions for the Nation.
- National Values and Principles are the moral fibre of our Nation. A Nation without Values and Principles is as good as a corpse. They can be compared to a heart in any living thing. The heart is like an engine in any machine. Our Country is founded on morals and principles.

- National Values and Principles are a recipe in affirmation of Zambia as a Christian Nation. The Preamble of the Zambian Constitution on page 19 encompasses the declaration of our Country as a Christian Nation when it says and we quote:

' We the people of Zambia Declare the Republic a Christian Nation while upholding a person's right to freedom of conscience, belief or religion;

- There is no institution be it a religious Organization, a profit making Organization, a Government Ministry, a Quasi institution, a Private Company, a sole business nor an individual who is not guided by values and principles. Values and Principles are a trademark, a common denominator and a hallmark of every human being.

WHAT RELATIONSHIP EXIST BETWEEN MPNVP AND THE CENTRAL GOVERNMENT?

MPNVP enjoys cordial and bilateral relationship with the Central Government. We are official partners and stakeholders with the Central Government of the Republic of Zambia. We enjoy companionships and a yokefellow in dissemination of National Values and Principles.

WHAT TWOFOLD MANDATE DOES MPNVP SHOULDER?

MPNVP shoulder a twofold mandate formerly shouldered by the defunct Ministry of National Guidance and Religious Affairs namely; -

* To actualize National Values and Principles and

* To uphold the declaration that Zambia is a Christian Nation.

WHAT IS THE MAIN OBJECTIVE OF MPNVP?

The main objective of MPNVP is to uphold what is contained in Article No. (8) of the Constitution of Zambia among other things to promote National Values and Principles namely Equity, Social Justice, Non - Discrimination, Constitutionalism, Ethics, Patriotism, Good Governance, Democracy, Sustainable Development, Morality, Human Dignity, Inequality, Integrity and National Unity.

- (2) Donations from International NGOs and Governments.
- (3) Genuine well-wishers.

IS MPNVP DIFFERENT FROM ANY OTHER CIVIL SOCIETY ORGANIZATION?

Yes. MPNVP is more less like a mother body of all Organizations, Faith based Denominations, Government affiliated institutions (Quasi - Statutory institutions), Government Ministries, Private sector, Local Government and individual citizens.

We preside over National Values and Principles hence we are more less like a regulatory body in ensuring that National Values and Principles are upheld. While other Organizations and institutions focus on some fragments, segments and fractions of some aspects of national values and principles, MPNVP carter across boards. We have institutions that primarily focus on the interests of women and the girl child, others are interested in Governance issues, some concentrate on transparency, integrity and curbing corrupt practices while others focus on helping the marginalized. Instead MPNVP is an Umbrella body and shoulder all matters regarding Values and Principles.

Besides all active members of MPNVP are expected to declare interest when it comes to having an active share in politics. If for instance one desire to stand as a candidate in an election, he is obligated to resign as a full time member of MPNVP.

WHO IS THE LEADER OF MPNVP?

MPNVP has no human leader apart from its founder. No single individual must claim ownership and proprietorship of the Organization. No one deserves honor and accolades for MPNVP.

Besides no one must claim to have invested hugely and handsomely towards the success of the Organization. We owe it to God Jehovah the only epitome of real and genuine divine Values and Principles! Although we appreciate the passion and love for humanity manifested by the founder of MPNVP, we owe it to God and feel indebted to him for everything!

We believe in serving with humility and we value the efforts of everyone.

WHAT RELATIONSHIP EXIST BETWEEN MPNVP AND HUMAN RIGHTS COMMISSION?

MPNVP and Human Rights Commission are core partners in upholding human rights and dignity of the people. Just like MPNVP is founded on Article 8 and 9 of the Constitution of Zambia (Amendment) Act No. 2 of 2016, the Human Rights Commission (HRC) is a National Human Rights Institution (NHRI) established pursuant to Article 230 (1) of the Constitution of Zambia (Amendment) Act No. 2 of 2016. The Constitutional mandate of the HRC is to ensure that the Bill of Rights is upheld and protected as per Article 230 (2). Article 230 (3) (a - f) further mandates the HRC to -

- "230 (3) (a) Investigate and report on the observance of rights and freedoms;
- (b) take necessary steps to secure appropriate redress where rights and freedoms are violated;
- (c) endeavor to resolve a dispute through negotiation, mediation or reconciliation;
- (d) carry out research on rights and freedoms and related matters;
- (e) conduct civic education on rights and freedoms; and
- (f) perform such other functions as prescribed."

In addition, Section 9 of the Human Rights Commission Act, Chapter 48 of the Laws of Zambia mandates the Commission to investigate mal - administration of justice, propose effective measures to prevent human rights abuse and visit places of detention to assess the conditions prevailing therein.

Although the quoted sections of the Law refer directly to Human Rights Commission, MPNVP is vice versa mandated to carry out the similar functionalities shouldered by the Commission. In the letter dated 26th January 2021, the Human Rights Commission granted exclusive permission and rights to MPNVP to execute its roles in tandem with the constitutional mandate given to it.

The Human Rights Commission works with MPNVP in all matters of mutual interest. As cited above, MPNVP has a similar mandate to that of the Human Rights Commission when it comes to ensuring that the Human Rights are held and respected.
